

Student Print/Copy Balance

In order to encourage responsible usage of the library photocopiers, a charging system has been introduced.

On enrolment students are allocated \$10 for all printing and photocopying in the library.

Each page that is printed or copied will be charged, these charges currently range from \$0.10 to \$0.50 depending on page size and use of colour. For current charges please see the notices above the photocopiers or login using the **Details** link in the window shown below.

If your balance has been exhausted you will need to top-up your credit.

Viewing Your Print/Copy Balance

In the lower-right taskbar of your computer you will see this icon . If you Left-Click on this icon, a window will open as shown below. This window shows the current Print/Copy balance. In this example, the user has \$9.70 credit available. You can login with your normal details from the Details... link to view all your transactions.

If you do not see the icon or are using a non-windows computer then you can view your transactions by logging on here: <http://copycontrol1.tuartcollege.wa.edu.au:9191/>

PLEASE NOTE: Do not confuse this with your Internet Quota. In the Library you will have two  icons, one for Internet Quota, and one for your Print/Copy balance.
